Council approves recommendations from committee

In the question period prior to the July 22 meeting of Town Council, Mr. Dick Plain brought up the proposed BACM development in the Northwest Sector Plan, and asked how this proposal fits in with the Local Authorities Board comment that they favour annexation control of a 20 year residential land supply for the Town. When you look at 800 acres coming in under the Allarco University Heights outline plan, and now at a further 1495 in the Northwest plan, how does it fit, asked Mr. Plain.

The mayor said the Town has an agreement with the M.D. of Sturgeon to annex land on a neighborhood basis as needed. Coun. Bakker felt that the raw acreage cost of land, gone from $4,000 to $17,000 seemed exorbitant, and particularly if the buyer does not develop the land and makes the profit on holding it. He said that the city of Edmonton stated a General Plan in 1961 that the city would develop to the northeast and southwest. Several parties bought up land and the city had to go to Castle Downs and Millwood in order to break that land holding. The Town has to be careful, he said, and I think land should be subject to something like the Public Utilities Board - the gouging going on for profits is outlandish. Some form of price control is needed he concluded.

A recommendation from the administration committee to increase accidents insurance benefits for the volunteer fire brigade came up for council approval. The principal sum would go to $15,000 from $5,000 and the weekly income from $50 to $75. The mayor asked how long a period was covered by the weekly income and the administrator replied two years - 104 weeks. The firemen are also covered by Unemployment Insurance benefits, paid after two weeks waiting period to a claimant with 20 weeks insurable employment to a

Perron merchants disgusted

Perron Street merchants, landlords and tenants, met Tuesday evening to discuss the condition of Perron Street and particularly the flooding problem faced by the merchants each time it rains. Those present, which included about 12 businesses had their say regarding damages suffered by the past two rain storms. Statements on damages to property and merchandise were explained in detail.

One merchant stated he had taken a 32 per cent drop in business over 1973, and blamed it entirely on the condition of the street.

Mr. Acker, a solicitor, was in attendance and heard from each of the merchants

Please Turn To Page 2

Mr. F. Tetarenko, St. Albert's fire chief, was on hand on Thursday, August 1st, when members of the fire department conducted the burning of one of the derelict houses on the south side of St. Thomas Street. The house was considered to be a fire hazard and a temptation for children to explore with the possible result of being injured. The spectacular blaze burned for some time under the alert eyes of the firemen. The property where the burning took place belongs to the town.

Council receives ambulance report

A letter from Clifford Keyes, administrator of Sturgeon General Hospital regarding a proposed local ambulance service was on the Town Council Agenda at their last regular meeting, July 22nd. Noting that the Hospital Board had discussed the proposal from Town Clerk Russell Bowen, Mr. Keyes offered some comments, saying that the hospital staff were convinced such a service would be a distinct benefit to the people in the hospital district.

The hospital is receiving about 20 patients each month by ambulance and many seriously injured or ill persons arrive in private cars or trucks, indicating in the opinion of staff that if ambulances were based nearby there would be a substantial upswing in their use.

In addition the hospital calls ambulances at least six times a month for transporting patients to Edmonton hospitals for diagnostic procedures or treatment. A dependable means of transporting ambulatory persons to the city for services not available here and the hospital uses the services of a local cab company about 12 times monthly.

Health and Social agencies also have frequent need for such transportation, and Mr. Keyes suggests that perhaps some auxiliary transportation system could be a part of any ambulance service instituted.

A letter from the Alberta Hospital Commission in reply to Mr. Bowen's request for information advised that the Commission is presently co-ordinating a study reviewing the entire ambulance system in Alberta, and examining proposals for upgrading the service.

The letter also pointed out that the operation and funding of ambulance services in the province are a municipal responsibility. There are both municipal and pri-

Legion supports Block Parents

The St. Albert Branch of the Royal Canadian Legion has made a donation to the Block Parent Program, following a presentation by Constable Rick Maynard of the St. Albert RCMP detachment

Secretary-treasurer Wally Swenarchuk said the Legion felt Block Parents was a most worthwhile program, and the decision to support it is considered only a beginning in the pending effort of the Branch to re-awaken the responsibilities of citizens in a climate of increasing violence."

The move is in keeping with the latest decision of the Legion throughout Canada to launch a national program of 'ACTION' - A Commitment to Improve The Nation. This decision was made at the Dominion Convention of the Royal Canadian Legion held in Newfoundland in June, and while the program has not been formally initiated at the national level the St. Albert Branch is not waiting said Mr. Swenarchuk. The Ladies Auxiliary to the Legion have also made a donation to the program.

Constable Maynard advises that another class of volunteer parents was held two weeks ago for 15, and he has 20 more for the next class which will be held in early September. People interested in becoming a Block Parent can apply at the RCMP office on Muir Drive or to Box 234, St. Albert.

The long suffering downtown merchants have some 'good news' this week, as crews begin work recapping Perron Street, following months of a half torn up street, sometimes closed, sometimes flooded, sometimes messed up with sewer back-ups. The crews and their equipment are a welcome sight.

And then came the 'bad news', as town workmen erected the Parallel Parking Only signs on Perron Street. Bylaw to enforce the new regulation has been passed and with very limited downtown parking space this measure will make doing business even more inconvenient.

maximum of 15 weeks. They are two thirds of normal weekly gross salary up to $117. "How significant is $75 for 104 weeks when they have Unemployment Insurance, Workmen's Compensation and the existing insurance coverage?" asked the mayor. Further discussion ensued on the matter until Coun. de Bruijn asked "why are we messing around for an increase worth $130 a year? We've spent more time on this matter than for millions on the sewer project - I don't understand it!" The administrator felt the $130 a year increase in benefits would actually be a form of insurance for taxpayers against what could be a fairly heavy cost. Motion to approve the recommendation carried 6-1 with Mayor Gibbon opposed. Volunteer firemen numbered 20 in June of this year.

The administration committee also recommended that the access road between Mont Clair and McKenney Avenue be closed after the new bus schedule has been implemented. Highfield Developments were to be notified, and advised that if they wish a median to be cut on McKenney they should make application. The Lacombe Plaza shopping centre were also to be notified of the town's intention to close the median at the access road, but that the Town would consider a temporary cut in the median at the Centre's cost, to be open a period of five years with annual review thereafter. Mayor Gibbon asked about the hospital, and Coun. Throndson replied that the Board wants it closed. Was the traffic impact of people coming in from down town, St. Vital and Mission avenue considered? asked Coun. Hudson and Chairman Throndson said it had been. Coun. de Bruijn thought the Hospital Board agreed to release land providing the Town supply an equal amount in exchange - the Board was quite willing if the land was adjacent," he said. Coun. Bakker said the action would reduce traffic on Mount Royal. Recommendation carried 7 - 0.

flooding problem

Continued From Page 1

the actual damages suffered by them following the storms and the run around given them by town officials as to the cause. This reporter gathered that flooding was caused by plugged sewers (dirt and rubbish on the streets) and a tremendous amount of water that poured down Str Winston Churchill Avenue from new subdivisions. One spokesman stated that a town official blamed Akinsdale subdivision as the source of a good portion of the water.

The meeting agreed that a joint submission by all merchants on the street would be the most satisfactory method of handling the serious situation. Mr. Acker will be supplied with a statement of damages by the end of this week and will forward a letter to the town council for consideration. With the problem without a cure as of Tuesday it is hoped by the business people present at the meeting that the town will take immediate steps to rectify the problem, and reiumburse the merchants for actual financial losses incurred.

Council

Continued From Page 1

vate ambulance companies and some private companies are subsidized by the municipality. In some areas the municipality has taken over the responsibility for operating ambulance service and in some cases they assign it to either the fire department or the hospital board to operate the service from the hospital. A hospital board is not responsible for any capital or operating costs and these must be recovered from the municipality requesting such a service.

A detailed report on ambulance service by the Alberta Medical Association was circulated.

Councillor Bakker moved that council receive the report and correspondence as information, saying there are no hard facts on which to base a decision. He added that the service should be on a shared basis not just the town. Motion carried 7 - 0.

Officer promoted

COLONEL SLAUNWHITE

National Defence Headquarters have recently announced the promotion of Colonel R. G. Slaunwhite to the rank of Colonel effective August 1, 1974, and his appointment as Deputy Chief of Staff Trades Training at Training Command Headquarters, Winnipeg, Manitoba.

At present Colonel Slaunwhite is Commanding Officer of number 4 Canadian Forces Technical Services Agency in Edmonton, Alta.

Colonel Slaunwhite is a native of Halifax, Nova Scotia and the son of Mr. and Mrs. Sherman F. Slaunwhite of Lower Sackville, N.S. He is married to the former Emily Shippelt of New Hill, Alberta and they have five children. The Slaunwhites are residents of St. Albert.

Proposals for development would vastly increase St. Albert

Two plans proposed for the future development of St. Albert would increase the physical size of the town by 3,233 acres and the population by 46,339, for a total of about 66,000. In addition to the proposals for the northwest Sector and Bellrose Park to the northeast, the Allarco Development (referred to as University Heights), directly northeast of Forest Lawn subdivision, will cover 724 acres in River Lots 41 to 45, and take in a further population of roughly 12,000.

Projected population for existing subdivisions when fully developed will add another 14,700. These projections are broken down by the Town Planner, Wayne Gordon as follows: Akinsdale 7,560; Braeside 2,300; Forest Lawn, 1,681; Grandin Park 1,591; Mission Park, 1,357 and Sturgeon Heights 225.

These figures added to University Heights and the two proposals for the Northwest Sector and Bellerose Park would bring the total projected population, if all were developed to about 93,000. The Bellerose Park outline plan predicts a population of 88,500 (an increase of 68,500) in another 27 years. It is of interest to note that over the past 24 years the town has grown from 1,000 to 19,000 plus, (an increase of 18,000).

THE NORTHWEST SECTOR PLAN

The proposal for development in the Northwest Sector, mainly by BACM would add 1,495 acres over and above the 590 acres presently under development in Lacombe Park and Mission Park. It would accommodate an increase of 25,405 in population, above the 9,000 to be eventually housed in Lacombe and Mission. Seven new neighborhoods would be developed in a density of 17 persons per gross acre which is Town policy.

The Northwest Sector is bounded by Villeneuve Road to the north, Highway 2 to the east, the Sturgeon River, south, and a line extended along the common boundary of river lots 16 and 17 on the west. Big Lake and the Sturgeon Valley are visible from much of the area, which slopes gradually up from the river. The plan includes about 120 acres for a central natural park, and water feature corridor, and the area has within it the M.D. Sturgeon Heights school site of 20 acres.

A comprehensive assessment on development of the whole area, with relative statistics and data and alternatives open to council was prepared by Town Planner Wayne Gordon. His report follows an earlier proposal submitted by BACM.

The planner's document called the Northwest Sector Plan, presently under review by Council, indicates that two more river crossings would be required, linking with Grandin Road and with Churchill Avenue, and possibly a rapid transit terminal and parking lot. He suggests that the terminal and right of way should run parallel to, or even within, the CNR right of way which cuts through the area.

A regional shopping centre is NOT appropriate within the northwest sector in the view of Planner Gordon. Rather he endorses the objective stated in the original BACM report, for several small centres to meet daily shopping needs, plus a central community shopping centre to meet weekly needs.

An estimated 16 schools would be needed to serve the area, nine for the Protestant District and seven for the Catholic District.

Alignments for trunk water, sewer and storm runoff services have been indicated by BACM to connect into existing trunk installations with adequate line capacity. The planner points out however, that neighborhood 3 development might be postponed indefinitely through complications in aligning services.

Build out of the sector would take about eight years for the BACM portion alone, even at 500 lots per year, probably an unrealistic rate. Neighborhood 4, immediately north of Lacombe Park is the next one slated for development.

RECOMMDATIONS BY TOWN PLANNER

DENSITY

Based on 60 per cent of gross acreage for residential development 15.36 detached single family, .86 town house and condominium and .84 apartments would net 17.06 persons per gross acre. The planner points out that a shift to greater demand for semi-detached, town house and condominiums must take place, resulting in increased density. He believes flexibility is essential in sizing underground utilities and estimating open space and school site requirements.

He points out also that BACM proposed to provide 13.4 per cent of gross acreage for playground, natural park and school sites, which compares with the present average in St. Albert of 19.7 per cent. Since over one-third of the open spaced proposed by BACM would be in the central corridor, he feels an inadequate amount of playground and school site space was proposed in the BACM plan. Figures used by the planner in calculating gross acreage do not include any lands below the 2150 river contour.

SCHOOL SITES

Planner lists three alternatives. (1) Sites be made available on an open space formula without cost to Boards. Land in excess of that directly required for school purposes would be maintained as neighborhood park lands. (2) Provide required sites but with lower space standards. If any sites proved not large enough, Boards would have to purchase additional land, which arrangement would be an improvement over present conditions in the planner's view. (3) Purchase all school lands. Cost of land and frontage services could be at a predetermined, negotiated or market price, depending on terms set by council. The planner feels this would be unacceptable to the school boards.

PARKS

Planner notes there are no district parks in St. Albert now. He recommends centrally located district parks which might include major sports fields, indoor pool, arena and district high school on one site. Developers contribution for this type of park could be reduced from 2.5 acres per thousand population, to 1.5. 35 - 40 acres would be required.

He recommends all lands below the 2150 contour be designated as urban park, and that any additional lands should be acquired by the town either by cancelled road allowances exchange, or at a predetermined price

RECREATION FACILITIES

Planner suggests four alternatives, (1) obligate the developer to provide and turn over to town; (2) require developers to generate a certain amount of commercial, industrial assessment in the Northwest Sector. This alternative the planner believes is attractive but needs more study. (3) Levy a special area assessment for recreation facilities, an alternative the planner feels would cause problems. (4) Reduce the rate of residential development to a level more closely tailored to the town's financial resources.

OTHER FACILITIES:

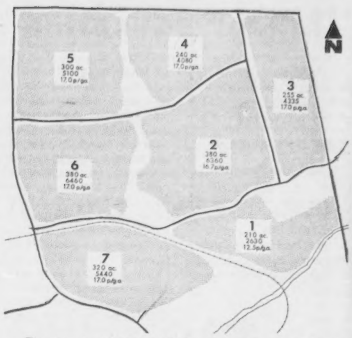
Planner wants some understanding reached with developer on terms of site acquisition or leasing for such municipal facilities as fire halls, libraries, health services and similar buildings.

TRANSPORTATION:

Some understanding should be reached at this early stage with BACM on contribution to river crossings and rapid transit terminal, regardless of what other assistance may be available.

The planner feels all these matters should be identified at the outset and then the terms of agreement be drafted before specific development agreements are executed for each subdivision plan.

NORTHWEST SECTOR PLAN



The seven neighborhood developments comprising the Northwest Sector development plan showing acreage, population and density of population per gross acre. Neighborhood 1 is Mission Park, neighborhood 2 is Lacombe Park and neighborhood 4 is the next one scheduled for development. Sturgeon River coming out of Big Lake is shown at south, intersected by the CNR railway line and the area is bounded by the Villeneuve Road on the north.

Completion of approved development, plus two proposals under consideration for St. Albert, plus the Allarco annexation development would bring the population of St. Albert to 93,000.

The Town Planner poses some interesting alternatives which would obligate developers to assume greater financial responsibility for recreation facilities for blocks of land bringing in large population increases.

Australian faults higher education

If you find it difficult to relate to the latest batch of university graduates when they take up their new jobs this fall, you might find consolation in knowing that things are worse elsewhere.

In Australia, it seems, is an example (or warning) of what can happen when the higher education system loses sight of the fact that its graduates will one day have to find work. According to Governor-General Sir Paul Haluck, Australia's education system has deteriorated to the point where Australian graduates can no longer be relied upon to read accurately, even a short memorandum, or to reply clearly and in writing for a request for information. Indeed, the deterioration is such that there is little point in gaining a degree at all, he seems to feel. "If all higher education does is produce a set of self-satisfied young snobs who think a pass degree is a license to contradict their seniors, then the gain is minimal. If all it leads to is the existence of a set of avaricious young go-getters who look on a pass degree as a title to a satisfactory job and a better income, then the benefit is slight. If the result is simply to produce brainy men and women with masses of information they don't know how to use, then the advantage will chiefly be seen in a higher stack of unpublished theses and longer shelves of books in the library."

It seems Sir Paul wasn't just sounding off in a moment of pique. A quick telephone canvass (by an Australian correspondent) around industry and accountants' offices confirmed that university graduates are not particularly well regarded. Most would-be employers feel that people fresh from school are self-opinionated troublemakers with no practical experience, but with expectations of above-average salaries. And to rub the point in, the 1973 annual report of the Sydney University's Careers and Appointments Service says that out of the 1,000 arts graduates that could be traced last year, only 33 had managed to find jobs within the private sector.

CANADIAN STUDY

The Technical Service Council is financing a study of the supply and demand of new university graduates in such disciplines as business administration, commerce, chemistry, and engineering for the next five-ten years. The study, which should be available by the end of January, 1975, is designed to discover whether there will be a surfeit or shortage of graduates in these businesses, and industry-related disciplines. At the moment, there are conflicting views on the subject. Colin C. Young, director of the TSC and vice-president, employee and public relations, Du Pont of Canada Ltd., Montreal, says the study should provide a starting point for government and industry planning and public discussion. "It should also help high-school graduates to make more intelligent career decisions," he says. "If serious imbalances do show up, they could affect public decisions on educational expenditures, immigration policy, scholarships, and university enrollment. It should provoke discussion by the public who pay the bills for education."

Planning approach here to stay

There appears to be no end to the fame of David Crombie, the ebullient and seemingly ubiquitous mayor of Toronto, reports The Financial Post. Since his election Crombie has received much publicity throughout North America as head of a reform council dedicated to "protecting the local neighborhood" (presumably, from all those grasping developers.) Most recently, his popular approach to urban planning earned him a mention in Time magazine's list of potential leaders for the future. Now, it seems, Crombie is spreading his fame still further, to New Zealand - so much so, in fact, that he has been cited as a strong (but no doubt unwitting) influence in local government elections there, and has even been credited with sparking a campaign to bring back the streetcars in Wellington, New Zealand's capital. Behind Crombie's New Zealand influence is a television program, produced in Toronto earlier this year by the New Zealand Broadcasting Corp., called Changing the Guard at City Hall. It's a look at Toronto and the philosophies of its mayor. Those philosophies have caught on as rapidly in New Zealand as they have elsewhere. The city of Wellington is reconsidering the need for a new highway into the downtown area; is under pressure to reduce automobile congestion, possibly by eliminating fares on the public transit system; has been lobbied to block city streets to form pedestrian malls; and is becoming concerned about unrestricted building heights. Crombie's approach to urban development is here to stay.

Wonderful news

The Editor:

Grant MacEwan's appointment at the University of Calgary as a professor of the history and exploration of Western Canada is wonderful news indeed!

Few people are as aware and appreciative of Western Canadian history as this great Canadian.

Dr. MacEwan's students will gain much more than a mere factual presentation of history. They will be exposed to a true love and understanding of our history.

Dr. MacEwan's mark on the lives of his students will undoubtedly be indelible.

Let's talk recreation loans.

(money for trailers, boats, and moveable pools*)

It's a unique new loan plan especially for trailers, boats, and moveable pools that cost $2,500 or more. In other words, it's for more expensive recreation equipment that you want to pay for over a longer period than the 5 years a normal personal loan allows.

Recreation loans not only allow you up to a 10 year pay-back period, but also let you borrow up to 80% of the total price of the equipment you're buying.

If this is your year for great family recreation equipment, drop by for a chat with your Bank of Montreal manager. He'll be glad to fill you in on all the details.

Even if you're not a customer.

*For this loan plan the pool must be mobile. If it's permanently attached to property, it affects property tax assessment and, should come under our Home Financing Plan.

Let's talk.

Bilingual playground plans concert

The St. Albert Cultural Committee decided, after what they felt was a very successful bilingual story-hour held at the library, to hold a bilingual summer playground. President, Mrs. Florence Lefebvre, met with the Hon. Horst Schmid on June 27 and told the minister of the fears of some of the residents of the continuing erosion of the French language in St. Albert. The committee was given a grant of $500 for the playground project.

At a joint meeting of the Cultural Committee and the French Canadian Social Club Mrs. Lefebvre was selected to undertake the five-week project and it was decided to hire two teen-aged assistants. Attending the meeting were Mrs. Lefebvre; Mrs. Pat Hamilton, secretary Cultural Commitee; Mrs. R. Bolduce, secretary of the French Canadian Social Club and Mrs. J. P. Roy, treasurer, Mrs. M. Sullivan, member of the A.C.F.A., Edmonton Region; Mrs. Gisele Bezenar, author of a series of books for young children as well as books on Father Lacombe and Pauline Johnson, and her daughter Lorie. Also present were Carol Journoud and Monique Audy. Monique and Lorie were hired as assistants.

The playground which operates from 10 a.m. until noon at the library grounds began July 8 and has averaged 10 students daily. A varied program instructs the youngsters in playing, singing and studying French. Mrs. Collette Delaney comes Fridays to give a half hour of physical education and field trips have been held. In case of inclement weather the annex next to the library is used and Mr. Don Mills and staff have extended the use of the library and its services. Interviews were given to the French language radio and television station and the playground has been visited by Rene Laird and Valerie Mogh of the Town Recreation Department, and by Mr. Mills, librarian. Personnel of the bilingual playground have been invited to visit the four official playgrounds in St. Albert and take part in a half hour segment.

A concert has been planned for Friday, August 9 and the young people are presently rehearsing choral singing and a playlet about Father Lacombe. Parents and all interested people are invited to attend the concert which begins at 10 a.m.

To assess the project a mid-way meeting of the Cultural Committee was held July 30. Though the daily average was not large, the Committee felt that the playground provided an intimate atmosphere and individual attention.

Canoeists needed for Summer Games

Competitors are needed from the St. Albert area to participate in the Canoe events at the Alberta Summer Games in Calgary on August 22 and 23.

Girls and boys events are scheduled to take place at the Glenmore Reservoir with 500 meter events and river race events also scheduled. The girls river race will cover approximately 20 miles and the boys event will cover a 30 mile course. Those who wish to participate must be under the age of 18 and residents of the St. Albert region. Canoes will be provided and the events are for both single operated and paired competitors.

A wide range of experience and ability is anticipated with many of the competitors without racing experience. Competitors are provided with free room and board under Provincial Government sponsorship. They will also receive a free ticket to the Stampeder home game on August 21. All those who may be interested in travelling to Calgary to participate are urged to contact Mr. Ted Bentley at 434-4654. A general knowledge about canoes is required and it is an advantage if prospective participants have their own paddles.

Large seniors group enjoys Lions picnic

The annual Senior Citizens Picnic, sponsored by the Breakfast Lions was one of the biggest ever and 45 older folk, including a number from Youville Home, were on hand at 10 o'clock Sunday morning. They were transported in a bus and three cars.

It was a beautiful day, but rather too hot for strenuous activity or staying too long on the lake shore. A large cookhouse was procured which offered welcome shade and everyone enjoyed visiting and relaxing with a plentiful supply of cold pop. This year a chicken supper, topped with dessert cake was served instead of the customary barbecue. The group left at 4 o'clock to be home by five.

Accompanying the Seniors were Mr. and Mrs. Tom Flynn, Chuck Meurin, who was in charge of the outing, Mr. and Mrs. Lawrence Pridmore, Mr. and Mrs. Don Merrill and Dr. and Mrs. Cuts and Mrs. Cuts' mother.

Zone Chairman Doc Cuts officially installed the new slate of officers for the Breakfast Lions Club at the first July meeting, when wives were invited and Mrs. Cuts, Mrs. Merrell, Mrs. Lapicki, Mrs. Scantland and Mrs. Flynn were given a vote of thanks.

The Club also reluctantly accepted the resignation of Lion Harry Hutchings owing to pressure of business. Harry had a five year perfect attendance record and served in several executive positions in addition to giving valuable help to many projects.

At the last July meeting President Tom Flynn announced the selection of the following committee chairmen: Ways and Means - Don Merrell; Membership - Gene Scantland; Band - John Kaminski; Senior Citizens - Chuck Meurin; Visitors - A. Stephenson; Eye Bank - C. Keyes; Publicity - Rodger Mount; Interclub Liaison - Harry Gaffney; Sympathy - Doc Cuts; Visitations - Elmer Harrison.

The Breakfast Lions next meeting is on Tuesday, August 13th at St. Albert Inn.

Town of St. Albert

Notice to Ratepayers

Council for the Town of St. Albert has given first and second reading to Bylaw 25/74 which provides for the licensing, regulating and for the confinement of dogs and other animals. The intent of the bylaw is to restrain the running at large of animals and regulations and fines are part of the bylaw to enforce its provisions.

The bylaw may be examined between the hours of 9:00 a.m. and 4:30 p.m. at the Town Office and in the Public Library between the hours of 10 a.m. and 8 p.m. Written comments on the proposed bylaw will be welcomed by Town Council but must be received before noon, August 8 and will be presented to Council at its regular meeting on August 12 prior to the bylaw being placed for third reading.

TOWN CLERK.

Bride-elect showered

Miss Leslie Downes, of St. Albert, August bride-elect was honored at a miscellaneous shower at the home of Mrs. Grace Baldwin of 10 Sable Cres. Cohostess was Mrs. Gloria Baldwin. Blue streamers and white bells decorated the bride's chair. A novel corsage of various utensils was presented to the honored guest.

Entertainment consisted of several games and contests. Gifts were attractively presented to the bride elect in a ribbon bedecked wishing well.

Special guests were Mrs. Downes, mother of the bride to be, and Mrs. Thomson, mother of the groom elect.

The HUCK FINN SHOW

The popular Huck Finn Show is returning to the St. Albert Inn on August 12 for a two week engagement in the Braeside Room. In the future the group are hoping to be hosting a TV program based on the Huck Finn story and are also hoping to make a European tour in the next few years. The Huck Finn Show are from left to right: Al Gaida, Jerry Huck, and Gary Gant.

"We try to do quite a variety of music in our show, try to please everybody. We also try to put some light comedy into it, ad lib things and sing some funny songs, to keep a good rapour with the audience so that they feel that they are part of the night," says Jerry Huck describing the format for the Huck Finn Show which played at the St. Albert Inn for four months and has been rehired for two more weeks beginning August 12. "You might even say that we are from St. Albert since the group first played at the St. Albert Inn."

The group consists of Jerry Huck on lead, Gary Gant on guitar, and Al Gaida on bass. Jerry is originally from Luceland, Saskatchewan, Al is originally from Provost, Alberta, and Gary is from Edmonton. The trio has better than 30 years of musical background all totalled. Jerry has played for about 12 or 14 years in different groups including the very successful "Village Lads" who had a program on CFRN TV in Edmonton. Al performed off and on with the 'Lads' for about eight months and also performed in several other groups including the Dew Drop Singers. Gary on the other hand has never performed in a group prior to the Huck Finn Show though he has extensive background in guitar and was a teacher of the instrument at the House of Banjo in Edmonton.

The group is a very relaxed team both off and on the stage. At the Klondike Days Raft Race the Huck Finn Show entered a boat which they designed and built themselves and cruised up and down the bank before the contest performing songs and generally entertaining themselves and the spectators who were on hand. The boat they have created is to be incorporated into their total concept, included as part of the Huck Finn image Incidentally, the Huck Finn raft took second prize in the raft race out of a field of 57 boats.

'We hope to be doing some travelling, we're thinking about setting up a tour for Europe next year or the year after. We do all our own promotion.' Recording is also in the offing for the group, 'we hope to do some recording very soon, we have put together some original material and hope to be doing some recording at local studios next year sometime.' Jerry is preparing material for a television show based on the Huck Finn story which will feature the group. They hope to be able to start taping in the next year or so. But in the more immediate future lies more dining lounge appearances 'here, there and everywhere.'

Jerry, Gary, and Al transmit an easy, genial mood while on stage which is possibly the key to their popularity. 'We enjoy all types of music but probably enjoy a jam session because there is no pressure on you. We don't really have a favourite.' While performing at the St. Albert Inn the group drew good crowds both from St. Albert itself and from Edmonton. Novelty and the group's ability to quickly improvise must surely hold the answer to their lasting popularity at the Braeside Room. 'The other night before we closed at the St. Albert Inn, Al had bought a five-string banjo for this English fellow we had met. It was his going away present and Jerry called him up on stage and announced that he was going to play a song," says Gary, "my banjo is electric and has a pick-up on it so I just walked off and hid under a table next to the stage. So here is Dick up there, never so much as held a banjo in his hands before, and me under the table. I played 'Foggy Mountain Breakdown' and he was up there pretending that he was playing. I think he fooled everybody, everyone thought that he was actually playing."

Jerry and Gary are both married. Jerry's wife's name is Lynne and they have three children - Ken, Keith and Cathy. Gary's wife's name is Helen and she is an Australian. Al calls himself swinging single.

The Huck Finn Show will be returning to the St. Albert Inn on August 12 for two weeks at the Braeside Room. The group confesses their affection for St. Albert and their appreciation for the fine reception they have received here. Because this was the first place they played, the Huck Finns report that they enjoy playing here very much.

Saints tournament Goes this weekend

St. Albert Willowbrook Saints Baseball Club will be holding their annual eight-team senior baseball tournament this Saturday and Sunday, August 10 and 11.

The Saints have lined up some excellent clubs for the two-day event with the northern part of the province well represented.

Saturday's draw gets underway at 10:30 a.m. with Fort Saskatchewan going against Drayton Valley. At 1 p.m. St. Paul plays Radway. At 3 p.m. Ballis is going against Vilna and at 6 p.m. St. Albert versus Waskatenau.

Sunday's schedule for the semi-finals has games going at 12 noon, 3 p.m. and at 6 p.m. for the final game.

Prize money is $50 per win and the Lions Club Trophy is also on the line. Action at the Mission diamond promises to be exciting for the two-day event and the Saints will have a concession stand in operation.

There will also be a beer fest on Friday, August 9 at the St. Albert Community Hall. It gets underway at 8:30 and tickets may be obtained by calling 459-3731.

Keech wins Mens Singles

The St. Albert Tennis Club hosted the City "B" tournament over the past weekend and enjoyed perfect weather over the three days. Tournament organizer Lorne Wood reported a total of 50 entrants from all the clubs in the Edmonton district. St. Albert, Fort Saskatchewan, Garneau, Glenora, Derrick and Hillcrest.

Bill Keech, the St. Albert tennis court supervisor - who is playing in his last year as a junior, emerged as the mens singles victor from the 25 entrants by defeating Grant Glowicki, a junior from the Glenora Club by 7-5, 6-4.

Two ladies from the Hillcrest Club cleaned up on the ladies events - with Peggy VanAman defeating Donna Jackson of St. Albert 6-2, 6-4 in the final, Peggy then teamed with Cynthia Baker of Hillcrest defeating Isabel Bain and Phyllis DeLuna of Garneau 6-0, 6-3 in the final. Cynthia's second trophy came in the mixed doubles when she teamed with Ken Amundrud of Hillcrest to defeat Lorne Wood and Joan Green of St. Albert 6-0, 6-0 in the final.

Mens Doubles winners were Dave McGechie and Brian Turner of Garneau who defeated the father and son team of Ken and John Amundrud, 7-5, 6-3 in the final.

Secondary winners were singles - Bob Green, doubles - Bob Green and Theo Luykenaar, Mixed - Moe and Molly Phalempin.

Calahoo staging fastball weekend

The Calahoo Sports Association are holding their annual giant beef barbecue and fastball tournament Saturday, August 17. The popular barbecue will feature pit roasted beef, corn on the cob, baked potatoes and coleslaw. The cost is $6 per couple, and the barbecue gets underway at 6 p.m. There will also be a dance in the evening with the Rocky Mountain Rangers on the bandstand.

There will be two tournaments going over the weekend with 12 mens teams and 8 ladies team competing. A horseshoe tournament also gets underway on Saturday and anyone interested can contact Joe Schafers at 256-2025.

For a complete weekend of sports, good food and total relaxation, make Calahoo your one stop for all.

Food will be available both days - with cold plates being served Sunday.

All proceeds go towards financing the various teams from Calahoo.

AROUND TOWN

Visitors at the home of Audrey and Peter Wood of Ridgewood Terrace are Audrey's parents, Mr. and Mrs. William Hughes of Horsham, Sussex, England. Mr. and Mrs. Hughes arrived on July 21 and this is their second visit to St. Albert. They commented on the cleanliness and good service in restaurants and are very impressed with the sunsets and beautiful clear air. At the present time the Hughes are taking a Greyhound Bus tour through the Rockies to Vancouver.

Mr. Rosaire E. Vallee (left) is presented with a gold and ruby ring by Greyhound's Edmonton District Manager, W. Tytula, on Tuesday, August 6, in recognition of 15 years of Safe Driving. Mr. Vallee drove over one million miles without an accident.

Rosaire Vallee receives safe driving award

Mr. Rosaire E. Vallee, formerly of Legal and now residing in Edmonton, was presented with an award for 15 years of safe driving with the Greyhound Bus line on Tuesday, August 6.

The Safe Driving Award was presented in the office of Mr. W. Tytula, district manager of Greyhound for Edmonton, and it consisted of a gold and ruby ring in recognition of his distinguished service. Congratulations were received from Premier Peter Lougheed, the General Manager of Safety and Claims Mr. Savage, and from Greyhound President R. L. Borden. Also present for the awarding was Mr. Vallee's wife Irene. While presenting the award, Mr. Tytula stated, "This award is not won, it is earned."

Mr. Vallee began driving in 1945 on the Edmonton-Barrhead route. He handled that route for 13 years prior to joining the Greyhound line in 1958. In the years since then, Mr. Vallee has covered more than a million miles accident free.

Block Bros. Opens in St. Albert

Block Bros. held the official opening of their St. Albert branch at the Sturgeon Plaza on Thursday, August 1st. On hand for the ceremony were from left to right: Mr. Henry Block, one of the founders of Block Bros., Mayor Ray Gibbon, Mr. John Landry, Manager of the St. Albert Branch, and Mr. Jack McKay, company representative.

Block Bros., one of the most rapidly expanding companies in Alberta, officially opened a branch office in St. Albert on Thursday, Aug. 1st.

The company has been in Alberta for only 2 1/2 years and now has 21 offices across the province employing better than 500 people. The St. Albert Branch is managed by John Landry and includes a staff of 16. This should increase to a total of 25 by the end of the month.

Housing, as a commodity, represents 20 - 30% of the average Canadian's total cost of living. Demand for individually owned housing is accelerated by the fact that the investment is one of the few which is free of capital gains and income taxes, and that has proven to be the best hedge against inflation. Fears of being locked into real estate have largely disappeared through the development of more flexible and high ratio mortgage financing, as well as through a deep, reliable real estate market. The catalogue sales system, introduced by Block Bros., is considered to be a major factor in the development of this better market.

Block Bros. is the largest realtor in Western Canada and have been in business for almost 20 years. Arthur and Henry Block formed the company in 1955 and it has now expanded to the point where the total assets of the company are over $95,000,000 Their sales volume in just one month of this year was over $100,000,000. Incidentally, Block Bros. is listed on the Toronto and Vancouver Stock Exchanges.

Their success can be attributed to introducing and providing better service to the buyer and seller of real estate. The 'We Trade Homes' and 'N.R.S. Listing Service' are only two of such services. The company assists its customers in the financing of their homes by obtaining conventional mortgage loans at the lowest interest rates and the best possible terms. The firm has been in the forefront of the Brokerage industry since its inception in providing new and useful services, for example, the 'Trade Home' plan which was pioneered 15 years ago is now an accepted innovation within the industry.

The N.R.S. picture catalogue listing service was born out of the need for a broader exposure to the market. Each week, the catalogue is updated to include the latest changes. Land and investments are also included in the Alberta Catalogue. It is sufficient to say that the catalogue consists of the necessary information on properties listed for sale with the real estate brokerage division.

Block Bros. boasts a philosophy of concern - for effective land use, for people and their social and physical needs, for the environment, and a concern to provide the best services in the industry.

The company's industrial and investment division has increasingly become a major part of the firms over-all operation and will be an important part of the Edmonton operation. Computer programs have been developed to analyze the investment potential of specific properties as well as to provide basic data on major areas. The programs are used extensively in these areas to advise clients regarding tax matters, return on investment, capital cost allowance, and capital gains, They also offer a long-term analysis of various investment opportunities.

Insurance, both general and life, is offered as a further service to their customers. This stems from Block Bros. and Robertson Ltd. which is a wholly owned subsidiary.

Block Bros. provides mortgage funds through their first national mortgage company, to service the financing needs of its clients. Builders, contractors, developers and homeowners have found the answers to complex financial problems through the efforts of the firm.

Block Bros. acquired the Peppertree, a commercial and apartment complex in Edmonton, after the year end. The dynamic attitude of the company is also reflected in the extensive real estate holdings of the company and the fact that it has one of the largest land banks in the area.

The St. Albert Branch is an attractively decorated, spacious addition to the Block Bros. outlets. The large staff should be more than adequate to provide the efficient service characteristic of the company. The management suggests that if you are considering a career in real estate you should drop down and have a talk.

Can IDB help you?

ON FRIDAY, AUGUST 9th,

NOTICE OF PUBLIC HEARING BY Public Utilities Board

THE PUBLIC UTILITIES BOARD
FOR THE
PROVINCE OF ALBERTA

IN THE MATTER OF "The Public Utilities Board Act: being Chapter 301 of the Revised Statutes of Alberta, 1970

AND IN THE MATTER OF "The Gas Utilities Act" being Chapter 158 of the Revised Statutes of Alberta, 1970

AND IN THE MATTER OF rates for gas supplied and service rendered to be charged by CANADIAN PROPANE GAS AND OIL LTD.

NOTICE OF PUBLIC RATE HEARING

WHEREAS the Public Utilities Board, pursuant to Section 27 of The Gas Utilities Act, upon its own initiative, after giving notice to and hearing the parties interested, intends in accordance with the provisions of The Gas Utilities Act to fix just and reasonable rates, proper and adequate rates and methods of depreciation, and just and reasonable standards of service which shall be imposed, observed and followed thereafter by CANADIAN PROPANE GAS AND OIL LTD.

AND WHEREAS at a preliminary hearing of the matter held at Calgary on June 24, 1974, no definite dates were fixed for the filing of materials and hearing of the interested parties.

NOW, THEREFORE, the Board hereby gives notice to all parties who may be interested that the hearing of the matter will resume at the Court House in the City of Calgary, in the Province of Alberta on Monday, August 19th at 10:00 o'clock in the forenoon and will continue through until Friday, August 23rd, 1974.

FURTHER, the Board advises that any person intending to intervene in the hearing, notwithstanding that such person may have appeared at the preliminary hearing, should make known his intention to intervene in the hearing commencing Monday, August 19th, by appearing in person or by counsel at the said hearing

Those persons intending to intervene in the hearing may apply to the Company, whose address is:

Canadian Propane Gas & Oil Ltd.,
600 Three Calgary Place,
335 - Fourth Avenue, S.W.,
Calgary, Alberta T2P 0J2

for copies of documents which the Company intends to file at the hearing

DATED AT THE CITY OF EDMONTON, in the Province of Alberta, this 30th day of July, 1974

PUBLIC UTILITIES BOARD

S. M. BARNETT,
Acting Secretary.

Local resident named queen

Claire Hook, 20, a resident of the St. Albert area, earned the distinction of being named the Region 17 Arabian Horse Association Queen at the meet held in Calgary July 17 - 21. As winner she will travel to Alberquerque, New Mexico, to represent Region 17 in the International Finals.

Claire became eligible for the Calgary meet following the Aurora Arabian Horse Association Queen Competition which she won on June 7 in Edmonton. The competition gave her the opportunity to compete in Calgary and she received a fox stole, a brow band, a slicker, and a western blanket and a western hat.

The Hook family live on a farm about five miles north of St. Albert and have all been members of the Aurora Arabian Horse Association for about five years. Claire says that she has always been interested in horses and in about the last eight years has focused her interest on the Arabian breed. She is an employee of the St. Albert Animal Clinic.

The queen competition is based half and half on horsemanship and personality. Competitors must ride English, Western and in Arabian costume. The costumes are elaborately jeweled and worth quite a bit of money. The horse is also costumed.

The international finals are to be held on October 7 through 13 and Claire states that she is unsure of her chances, "the Americans practice year-round and the competition should be pretty tough." Winner in the International Competition travels all over North America for the next year to promote the Arabian breed and are unable to compete for that period.

RECREATION HIGHLIGHTS

SWIMMING POOL:

A small craft safety clinic has been arranged for Thursday, August 15. This is the first time such a clinic has been held in St. Albert and it will be conducted by a qualified instructor from the Red Cross Safety Service; there is no charge.

The clinic is open to adults and interested "teens" and will consist of a lecture which will be held in the Clubhouse (beside the swimming pool) from 8 - 9 p.m., followed by a demonstration at the pool from 9 - 10 p.m.

After the Mile Swim held on Sunday 20, a number of record cards were given out and taken home. These should be returned to the pool and if the mile was completed within the required time (45 minutes) the participants will receive official Alberta Safety Council cards, crests are also obtainable (but optional) at a nominal cost. When the missing cards are returned the results will be tabulated.

PLAYGROUNDS:

Supervised activities for the five's and over take place each weekday from 10 a.m. to 12 noon and from 1 - 5 p.m. at the rink shelters located in Mission Park, Braeside, Salisbury Park and Grosvenor Park.

The activities of the children attending Lions Park are also being supervised year on weekdays from a.m. - 5 p.m. under Provincial Government S.T.E.P. program.

When it rains, the activities move inside.

YOUTH EMPLOYMENT SERVICE

Students registered with the Youth Employment Service are willing to help with any "odd job" around house or place of business. Householders and business people looking for casual labour can contact the Youth Employment Service at 459-6601, extension 68 between 8:30 a.m. and 12:30 p.m. Students looking for employment can register during the same hours by calling at the office in the Town Hall.

TENNIS:

Until Saturday, August 10 the clubhouse at Mission Park will be open and both it and the courts supervised from 2 - 9 p.m. each day. From Sunday, August 11 the hours will be from 10 a.m. to 9 p.m. on weekdays and from 10 a.m. - 4 p.m. on Saturdays and Sundays.

Colleen Neeland and Bill Keech are the supervisors and they will give assistance to anyone wanting to improve their game. Juniors get special attention on Mondays and Wednesdays between approximately 2 and 4 p.m.

JOINT USE

Applications are now being accepted for the use of accommodation next year under the terms of the Joint Use Agreement. Forms can be picked up at the office of the Recreation Department in

The upper part of the silo at Bill Flynn's farm was torn off by the violent wind in the July 30th storm, with debris scattered near and far, including the demolished shed at left. An empty storage bin was carried a quarter of a mile by the hurricane force wind.

Hail Damage Compensation to farmers for crop damage

Dr. Hugh Horner, Minister of Agriculture, has announced that Alberta's Cabinet has approved funds amounting to $33 million to provide compensation payments to farmers eligible under the Adverse Weather Damage Compensation Program and/or interest payments on guaranteed loans for farmers who were unable to harvest their crops last fall.

The minister announced that payments of up to $28 million will be made under the program. Cheques should be in the mail to farmers by the beginning of August. He said that these funds will provide some relief during a period when farmers are experiencing low livestock returns and escalating input costs.

Fourteen thousand applications have been received under the adverse weather damage compensation program. The $28 million will provide compensation to farmers suffering losses in cereal, oilseed and forage seed crops that were damaged by snow, floods and mice in 1973. The maximum acreage on which compensation will be paid is 200 acres and the maximum compensation per farm is $5,000. Application for the program closed July 2.

The $5 million warrant pays, on behalf of the farmer, the first year's interest on the guaranteed loans issued under the Emergency Crop Assistance Program, which was designed to help farmers in those areas of the province where drought or abnormally wet weather prevailed last year. The loans were based on $15 per acre to a maximum of $7,500 per farm. Ninety-six hundred applications were received under this program for a total of $40 million.

Applications under both programs were all processed by the Agricultural Development Corporation and their local committees.

HAIL DAMAGE

P.F.A.A. advises that there will be no assistance for farmers experiencing hail damage to crops this year.

Berthas

Rapeseed producers in the M.D. of Sturgeon are urged to check their rape for worms. If spraying is required they should contact the fieldman at the M.D. of Sturgeon.

Villeneuve site confirmed for satellite airport

The ERPC has approved the Ministry of Transport's (MOT) choice of the sight near Villeneuve for a satellite airport.

The endorsement was given to MOT officials at the Commissions May meeting. The agreement is conditional, however, as MOT must meet ERPC requirements.

Expected to be in operation by the fall of 1975, the airport's cost last year was estimated at 2.2 million dollars. Rising costs may force new estimations of that figure.

MOT regional planning manager, Ray Rohr, explained to commission members that the satellite airport would be used for training and recreational flying while the Edmonton Industrial Airport would be more business orientated, and serve airbus and airline flights.

The chosen site, located about two miles west of Villeneuve, offers the following considerations: has no residences on the land required for the airport, has only six residences in the traffic pattern, is 19.2 miles from the city or 35 minutes driving time, has only one residence within the 30 Noise Exposure Factor (NEF) zone. MOT officials recommend that no residential development of land take place in the zones that have a NEF rating beyond 30.

Concern was expressed by commission officials that the airport would be on prime agricultural land. MOT officials felt that the advantages outweighed this factor.

The site study also predicted there would be serious problems in the existing airposts by 1980 if the satellite airport is not built. The moving of recreational or training flights to the satellite airport would allow the Industrial Airport to operate within existing capacity until the 1990's Mr. Rohr said. "And with the development of new, quiet aircraft, there would be an indefinite use of the Industrial."

Construction of the airport by Villeneuve should commence this fall.

The Lancaster Park area was one of the hardest hit by the wind and hailstorm on July 30th. Photo shows one of many large trees completely uprooted.

from Gibbons

By Shirley Steinwand

Welcome newcomers to Gibbons, Ron, Denise and Suzie Zellweger, formerly of Edmonton. Ron, and Albert Steinwand are co-owners of Ron and Al's Service Ltd., the new service station, car wash now under construction in Gibbons.

Ron and Albert are both licensed mechanics, and successfully owned and operated Ron and Al's Service Ltd., in Edmonton for three years.

Ron and Al's Service Ltd. report the theft of nine sheets of 3/4 inch ton and groove plywood from the construction site last week. It is hoped that the person who took these sheets gets very good use of them! Iso, to the person or persons who wrote the messages with a spray bomb on the inside walls, the message is the same to you!

Construction on the Arena is almost completed. Official opening will be in September.

A shower was held for Shannon Mabbutt on Wednesday evening, July 24, at the Legion Hut. The shower was very lovely and Shannon received many beautiful and useful gifts.

Mrs. Aurore Klassen passed away at the W.W. Cross Hospital on August 2, 1974.

Get well wishes to Evelyn Massie who is a patient in the University Hospital.

Mr. and Mrs. J. Vanderspoil have relatives visiting from Holland.

Namao News

By Norma Crozier

The tornado like storm with winds gusting to 87 miles an hour and driving rain and hail caused a great deal of damage in the Namao area on Tuesday night. Residents watched huge trees being uprooted and broken off by the force of the wind and many homes and buildings were damaged.

The home of Mr. and Mrs. Evan Cameron at Norancal Acres suffered extensive damage when the roof and brick chimney were lifted off with part of it landing on the roof of Mr. and Mrs. Clare Agais' garage.

The trailer home of Mr. and Mrs. Warren Gauthier was perforated in three places by falling trees. Many homes at Viscount Estates were also damaged. It is a miracle no one was injured by the flying and falling debris. Some field crops suffered extensive damage from the hail.

Welcome back to Namao to Mr. and Mrs. Art Yeske and children Art and Angel, who moved into their new home last week.

Largest grain cargo

WINNIPEG — A ship carrying the largest grain cargo ever loaded out of a Canadian port has sailed from Port Cartier, Quebec.

The ship carried about 91,106 long tons (roughly 3.4 million bushels) of Canadian wheat to India under terms of a contract negotiated recently between the Canadia Wheat Board and the India Supply Mission.

The cargo is the equivalent of roughtly 1,437 cars of wheat, which represents the average annual production on about 140,000 acres.

The Abul Kalam Azad, now on its maiden voyage, was built recently and registered in India. It is 836 feet long, has a 128-foot beam and a loaded draught of 55 feet. This means that when fully loaded, this ship sits 55 feet deep in water.

The cargo loaded on the Abul Kalam Azad surpasses in size the previous record cargo loaded from a Canadian port. That record was held by the S.S. Anglia Team, which in June this year loaded 85,677 long tons of Canadian and American grain at Port Cartier.

Morinville couple united in marriage

The St. Jean-Baptiste RC Church in Morinville was the scene of a pretty afternoon wedding when Paulette McDonald, only daughter of Mr. and Mrs. Raymond McDonald, exchanged vows with Raymond Houle, son of Adelard and Mrs. Jeanne Houle. Both young people were born and raised in Morinville.

The double ring ceremony was performed by Rev. G. H. Primeau and the soft organ music was furnished by Denis Chalifoux.

Entering the church on the arm of her father, Paulette was charming in a full length gown of polyester jersey. Her chapel veil complimented the semi-fitted dress and she carried a bouquet of red roses and stephanotis.

Her matron of honour, Claudette Turgeon, wore a floral pastel green sheer gown and white accessories. She carried a bouquet of orange and white daisies. The best man was Norman Houle, brother of the groom.

For her daughter's wedding, Mrs. McDonald wore a floor length gown of saphire blue crepe and white accessories. A pink orchid completed her ensemble.

Mother of the groom, Mrs. Houle wore a full length pink gown. White accessories and a white orchid also completed her ensemble.

After signing the register, the radiant couple walked down the aisle to the strains of the organ. They were met by a multitude of relatives and friends.

A reception and wedding banquet for some 130 guests followed immediately in the Morinville Recreation Centre.

Donald Found, a close friend of the couple was master of ceremonies. Maurice Froment, Paulette's cousin asked for the blessing of the table. Uncle Arthur (Cyclone) McDonald, with choice words, proposed the toast to the bride. Henri, Raymond's oldest brother, welcomed Paulette into the Houle family.

A phone call from Paul and Francoise Froment, holidaying in the Maritimes was received along with other congratulatory messages from Falher and Vancouver. The three-tiered cake which centred the head table had been made and decorated by a long-time friend and neighbour, Bernard Meunier. A dance and midnight lunch for some 250 guests concluded the evening.

Many out of two visitors were in attendance, among whom we wish to mention Raymond Gibeault, (the bride's uncle) from Renton, Washington; Mr. and Mrs. Xavier Lefebvre from Montreal; Mr. and Mrs. Hector McDonald from Shaunavon, Sask., Mrs. Edwards (nee Florence McDonald) from Broadview, Sask., Bill and Gail Blainston, from Chilliwack, B.C., Denis and Bernadette Loiseau from Fort St. John, B.C. Other out of town guests came from Falher, High Prairie and Bonnyville.

For her honeymoon to Ontario and Quebec, the bride chose a burgandy pant suit ensemble complimented by a white orchid.

MR. & MRS. RAYMOND HOULE

Photo by Jeet Khullar

On their return, Mr. and Mrs. Raymond Houle will make their home in Morinville where Paulette who has been teaching at Georges P. Vanier School for a number of years will remain on the staff. Raymond will continue to operate his business in welding.

To both, we extend a hearty wish of life-long love, happiness and prosperity.

Horse Hill Report

By Peggy Wenzel

The M.D. of Sturgeon Playground supervisor, will be at the Horse Hill School grounds from August 12 to 16. Hours on Monday are from noon until 4 p.m. and on Tuesday through Friday hours are from 10 a.m. to 4 p.m. The supervisor will be assisted by Brenda Wenzel and Sheryl Gogerla in the varied program for the playground set. Children should bring their own lunch and those under four should be accompanied by an older brother or sister, or an adult.

Your Shell Agent's guide to a smoother-running farm this summer

Check it out. See how your Shell Agent can save you time and trouble with...

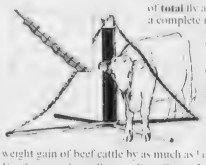
Your trucks, tractors and cars..... √

Is everything ready to roll on your farm? A smooth running farm depends largely on well-maintained vehicles. So make sure you've got a good supply of reliable Shell automotive tractor products on hand including: Shell gasoline and dieseline to help your engines last longer and perform better; and Shell premium quality lubricants like Rotella T* Multigrade (the oil you can use all year to cut down your inventory and reduce maintenance).

Your farm machinery..... √

As a Prairie farmer, you want your hydraulic systems to perform many different jobs in all kinds of weather. Shell hydraulic oil will meet all of your demands. It's specially formulated to remain stable throughout all kinds of weather, and in a wide range of operating conditions. Keep a good supply on hand.

Your livestock..... √



Plan now to set up your own program of total fly and lice control. Shell has a complete range of highly-effective pesticides for In-Barn and On-Pasture protection. For example: flies and lice can reduce weight gain and milk production. Shell's rugged Cattle Treating Stations with Co-ral* Back Rubber solution can improve milk production or increase the weight gain of beef cattle by as much as 1 lb. per day. For fly control, use Ravap* Barn Spray. It makes walls fatal to flies for up to six weeks. And you can spray it on while the animals remain inside.

For a smoother-running farm this winter, put your Shell Agent to work now. Call:

One more reason to buy Shell

Report from Bon Accord

By Sadie Allen

Regular church services resumed at both the Anglican and United Churches on August 4. Time - 9 a.m.

The Bon Accord and District Board of Trade held its regular monthly meeting on Wednesday, July 24 with a small turnout. Ken and Maureen New presented the proposed plan of the Roseglen Park as prepared by John Chedzoy and George Grainger. Completion will be carried out in stages, with a work-day for cleaning up roots and debris slated for Saturday, August 10. For further information contact Ken or Maureen. The Board of Trade is also interested in stirring up interest concerning future village council candidates. With five councillors to be elected in the fall, anyone with aspirations to fill a council chair is invited to come out to the meeting on Wednesday, Aug. 28 to make his/her views known and to give the electors a chance to see for whom they wish to vote.

Dr. John V. Milligan, eldest son of Mr. and Mrs. John Milligan, his wife Jacquie and children Brian, Jill and Jennie are currently making their home in Bergen op Zee, Holland where John is spending a 15 month Sabbatical from Queen's University, Kingston, Ontario at the Central Brain Research Centre in Amsterdam. Prior to taking over his duties at the centre, John and family are holidaying in Portugal.

Senior men's baseball league playoffs will be held on Sunday, August 18 with Vimy, Morinville, Bon Accord and Rochester competing for the league championship. The games will be played at the home grounds of the team finishing in first place.

Congratulations and best wishes to Mrs. Ella Wyman on the occasion of her 90th birthday on August 5. Relatives and close lifelong friends of Mrs. Wyman gathered at Ravenmere Farm to fete the districts oldest oldtimer. Out of the district visitors included Mr. and Mrs. Eugene Erb (nee Louella Wyman) and four children from Calgary; Wayne and Marlene Wyman and three children, Mr. and Mrs. Ign Bjorge, Cal and Rene Putnam and family from Edmonton, Reg and Marlene Samis from Drayton Valley, Mr. and Mrs. Walter Walker and Mr. and Mrs. Bill Ballard from Whitecourt. Mrs. Wyman received two lovely birthday cakes, one of which she took back to treat her friends at the Belvedere Lodge where she now makes her home.

Congratulations are extended to Ed and Brenda Strawson on the birth of Anthony Victor, 7 lbs. 7 ozs. on July 8; to Terry and Pauline Strawson on the birth of Janice Lee, 5 lbs. 7 ozs. on July 20; and to Dean and Kay Lewis on the birth of Rodney Dean, 8 lbs. 6 ozs. on July 31.

The men's baseball team copped off top money in the Lamont tournament on Aug. 4 and 5, toppling Vilna on Sunday, edging out Morinville in the semi-finals and winning over Legal in the final game by 10-0 in seven innings on Monday.

The Richard Vandenhouten family of Legal, on the occasion of a family reunion July 28th.

Legal family holds reunion

A family reunion of the Vandenhouten's took place Sunday, July 28 at the home of Mr. and Mrs. Richard Vandenhouten of Legal.

The reunion was the ending of a three week vacation for Amelie VanHornbeeck of Boortmeerbeek, Belgium. Amelie is the cousin of Edward and Jules Vandenhouten and Marriette Cunningham.

During her stay she spent most of her time meeting relatives for the first time, but did manage to take in part of Klondike Days in Edmonton, sight-seeing around Banff and Jasper, and several days visiting relatives in Lodgepole and Whitecourt.

The outdoor gathering was enjoyed by all, ending with a late afternoon barbecue.

Bon Accord village presents information on fall election

A general election will be held in October of this year, when, for the first time, five councillors will be elected instead of three as in former years. In view of recent changes to the Municipal Election Act and in answer to many questions received at the Village Office concerning this election, the following details are presented for information:

Nomination Day is the third Wednesday in September. Nomination notices will be posted six days in advance.

Nominations of candidates will be received at the Village Office between 10 a.m. and 12 o'clock noon, Sept. 18th.

Every nomination paper shall be signed by at least five electors and shall be in the prescribed form. Nomination papers will be available at the Village Office.

QUALIFICATIONS FOR MAYOR & COUNCILLORS

(a) able to speak, read and write English.

(b) of the full age of 18 years.

(c) A Canadian citizen or British Subject.

(d) a resident of Alberta for the 12 consecutive months immediately preceding nomination day and a resident of the municipality for six consecutive months immediately preceding nomination day.

(e) eligible to vote as an elector at the election for which he is nominated.

QUALIFICATIONS FOR ELECTORS

(a) is the full age of 18 years.

(b) his name appears on the assessment roll in respect of land or business liable to taxation.

(c) or holds a Mobile Unit License.

(d) is a Canadian Citizen or British Subject and has continuously resided in Alberta for six consecutive months immediately preceding nomination day and was resident in the Municipality on Nomination day.

ELECTION

If a vote is required, i.e. if more than five candidates are nominated, an election will be held on October 16, 1974. The polling place will be open from 10 a.m. to 8 p.m.

A Voter's list will be prepared and posted not later than one week before polling day unless council passes a bylaw stating that electors shall make a declaration of eligibility.

Councillors elected at the Poll will serve for a term of three years.

Not later than six weeks after nomination day (i.e. by October 30th) the Mayor shall be elected ANNUALLY, by the councillors from their own number.
